Or by dialing ext. 1292 from any
campus phone, including courtesy
phones along campus walkways.

"SWAP-A-LOT" WORKSHOP

This is a chance for you to share/swap **NEW** materials with others. If you want to participate, each person, makes **75 copies** of an item/suggestion such as: a poem, complete program, story, skit, ceremony, quiz w/answers, or game, etc. Turn items in to your State Lecturer at conference registration, receive "SWAP" token, then collect your swap items Tuesday afternoon. No page limit, but remember, YOU are doing the copying at your expense. Also, multi-pages should be stapled together. Those with "SWAP" tokens will receive items first then extra copies will be distributed to others present. Again this is strictly your choice to participate or not. State Lecturers will be in charge of the swap and will have items to share. Any questions contact your State Lecturer.
